WORK EXPERIENCE

Peach Stacks Innovation, Abuja Nigeria.

(July 2022 – Present) – Web Designer

Web Designer | WP Functionality | Speed Optimization

- Designed and developed most of the in-house and client-based web development projects. I take pride in having helped the best of clients and getting maximum ratings for the company
- Launched a web and social media presence for the company's clients' businesses

Jaap Project and Consultancy, Abuja Nigeria.

(April 2016 - Present) – Graphic Designer

Lead Designer

- Reviewed all brand assets, ensuring they have modern, cutting-edge UI/UX that meets the client's expectations as well as the most recent design standards

Graphic Designer

- Communicated with clients to better understand their brand, their business goals, and their visual vision
- Created and launched brand identities for clients, including but not limited to logo design, letterhead design, complementary card design, color schemes, and font selection
- Spearhead the production of offline graphic materials such as catalogs, advertisement flyers, IDs, and complimentary cards that I designed

Anglia Ruskin University, IT Services Unit, Cambridge UK.

(July 2015 - September 2015)

Technical Staff / Technician

- Solved technical difficulties experienced by teachers in teaching halls
- Audited stock records of teaching rooms and lab facilities
- Oversaw the weekly defect preventive maintenance (DPM) for teaching rooms and lab facilities such as big-screen projectors, Extron, PCs, and video conferencing units

Alertme.com Limited (now British Gas), Cambridge UK.

(July 2014 - September 2014)

Software Tester

- Tested embedded systems that are used in the configuration of security locks in doors for smart homes
- Documented test logs and results
- Delivered work progress reports to the analytics research manager
